CONNECT – ENABLE – TRANSFORM
VetCoin® HQ Dispatch for 2021-11-08

Buckle in dispatch subscribers. I have a ton of news this week! (And not just a reminder that Army beat Air Force in OT on Saturday.)

First off, free VetCoin went everywhere last week. Did you get the airdrops and newsletter subscriber bonus? If you did, congratulations! If you didn't, maybe consider checking last week's dispatch.

ATTENTION: The interest in VetCoin has been fantastic! The volume of interest in helping vets triggered a hold from PayPal so we had to remove that payment method from the website. We hope this is a temporary condition. In the meantime, we are working diligently to add additional payment methods for folks to gain access to VetCoin. Bitcoin and Ethereum will always work.

VetCoin® News: We're rolling!

Have you been to our website recently? If it's been more than a few days you should go check out some of the updates we have made. There are new pages in the menu that are sure to be of interest. *Please read the VetCoin whitepaper*. Also, and it's definitely no longer a secret, **we're in the midst of our soft launch in preparation for Veteran's Day!** We're moving fast, ludicrously fast, to turn the idea of VetCoin into a reality that connects, enables, and transforms the veteran community.

The VetCoin Foundation: We're Podcasting!

Myself and the VetCoin Foundation President, Dr. Aaron Bazin, had the fortunate experience of discussing VetCoin on The Spotlight. This was my first podcast and it was a tremendous amount of fun. The VetCoin interview is scheduled to air on Wednesday the 10th so stay tuned! I don't want to say too much about the podcast before it airs, but if you want some insight into what VetCoin means to the founders and where it may go in the future, you should definitely give it a listen.

Veterans Day Launch Party! Do you own VetCoin? Do you want to be part of our kickoff? We will have a video discussion at 10:30am EST on Thursday, November 11th with remarks from the VetCoin Foundation Vice President Alex Morales, an overview of VetCoin from our CEO Elmer Francisco, and closing comments from our President Dr. Aaron Bazin. Stay tuned to VetCoin social media for details. Here. We. Go!

We're going big on Veteran's Day. How big? We're coming out of the gate with immediate assistance to veteran owned small businesses. It's called the **VetCoin Start-Up Challenge** and we're giving up to $5000 USD and 100M VetCoin to two (2) deserving businesses. If you are a veteran business owner and could use a little help, go to the website for details and instructions. Don't wait. Do it now.

This week I want to extend a very special happy birthday to the United States Marine Corps! Here's a fact for you: though the Marine Corps was established on OCT 10th 1775, the annual birthday ball didn't begin until 1925. And if you ever have a chance to attend a Marine Corps Ball… go. Semper Fi, Devil Dogs.

Veteran's Day is upon us! To all our fellow veterans and coalition partners, the VetCoin team extends a very special and heartfelt thank you. The 11th is our day. Seize it! And join us for the official launch!

RLTW!
Russ

Dedicated to the memory and legacy of C. Austin "Bud" Burrell.
