Happy Birthday to the National Guard!

A big congratulations to our Citizen Soldiers out there! Being a member of the National Guard means being ready to put civilian careers on hold to train, deploy, and serve. Since the attacks on September 11, 2001, more than 650,000 National Guard members have been called on to serve at home and abroad. The first militia force in America was created in Massachusetts in 1636! So, yes, technically "The Guard" is older than the Army.

VetCoin® News: ERC-20 token transition

Like I mentioned last week, VetCoin HQ is in the process of coding VTC, our ERC-20 token *which we will send to your wallet address on record*. We continue to work on developing tutorials and infographics to help folks navigate the transition. **If at any time you have questions or concerns, please reach out to our team through the messaging function on the website.**

It's Christmas Season!

Do you want to give a gift to your loved ones they will appreciate all year long? Give them a subscription to the VetCoin Dispatch! Just drop their email address on the website. Trust me, they will love you for it. The private sale continues so take advantage while you still can!

By the way, have you told all your veteran business owner friends about our incubator program? You should!

Russ' Note

This Saturday, December 18th, is Wreaths Across America day. It's not too late to sponsor or to volunteer to help with wreath laying. With 2500 locations in the U.S. and abroad, there is definitely an opportunity near you. I will be at the Florida National Cemetery laying wreaths with local veteran organization.

RLTW!
