Vol. 13 2021-12-20

Did you catch our webinar on SAT?

If your response to that question was, “what webinar?” then you probably haven’t been on our Facebook page lately. Those who attended got to experience a great conversation between the VetCoin Foundation President Dr. Aaron Bazin and Mr. Aron Dutta, the Chairman and CEO of Ambika Inc. This was a fantastic opportunity to learn more about how VetCoin is giving back to the veteran community and the legacy of Bud Burrell. The team will post recordings of the webinar this week - so stay connected to us via social media.

VetCoin® News: ERC-20 tokens are in your wallets!

Flashback: “… VetCoin HQ is in the process of coding VTC, our ERC-20 token *which we will send to your wallet address on record*.” As of today, VetCoin HQ has dispersed VTC tokens. Please go to your wallet and confirm receipt. If your tokens are not there, your purchase through Cash App may have been refunded and while you get to keep the NFTs, we ask that you resubmit funds to receive the VTC tokens. **If at any time you have questions or concerns, please reach out to our team through the messaging function on the website or to friday@vetcoinhq.com.**

The Business Incubator Program remains open and active to applicants who want a shot at earning $5,000 and 100 million(!) VTC tokens. Get your applications in now through our homepage!

Russ' Note

Be sure to continue to stay engaged with our social media and website updates! Our Christmas Air Drop operation is ongoing now. Don't miss out!

As we close this year in celebration, be sure to take time for reflection – and check on your buddies. This time of year can be difficult for folks and that is definitely true for veterans. Reach out to people you know and just let them know they are important to you. Enjoy your holiday schedule, enjoy family gatherings, and get ready for next year because VetCoin is going to take you places!
