VETCOIN HQ DISPATCH

CONNECT • ENABLE • TRANSFORM

Vol. 14 2021-12-27

It's the last Dispatch for 2021!

Time flies when you're trying to change the world! Bold statement? Yes. Is it true? Also yes. It seems like we have been working on this idea of improving the veteran community through a crypto effort for just a couple of weeks… but it was early May when the prophetic comment of, "I wonder how VetCoin is doing." changed our lives. We saw an opportunity and the rest has been a blurry fury of activity. It's a great ride and I'm sure glad to be a part of it!

2022 will be a year of change.

I don't say this lightly. The last week of December is the time of year when, it seems, every publication on the planet wants to review the previous year for highlights and top moments. At VetCoin HQ we are focusing less on the past and more on the future. To say 2022 will be an important year for VetCoin is pure understatement. We have so much to accomplish! To be best prepared for next year Elmer and his team are completely overhauling our website interface for success in 2022.

View our latest webinar

We have a YouTube channel! You owe it to yourself to watch our latest webinar. This was a great event featuring Dr. Aaron Bazin, LTC US Army (ret) Co-Founder and President of VetCoin Foundation with guest speaker, Mr. Aron Dutta, Chairman and CEO of Ambika Inc. It's worth every minute you can invest in watching. While you are there, do the right thing: like and subscribe!

Thank you.

Everyone who receives this newsletter is an early member of the VetCoin team and has committed in some fashion to improving the lives of veterans. For that I offer my personal thanks and appreciation. VetCoin is nothing without the participation and commitment of veterans and people who care about veterans, all over the world. Start recruiting! Tell your friends! Forward this newsletter to them!

Russ' Note

As VetCoin continues to grow there will be an increasing number of challengers who will attempt to present the same ideas in a different format or even present themselves as us. We have already seen early attempts at this. One of the best ways to protect yourself and people you tell about VetCoin is to share this newsletter and use the contact links below to make sure everyone is in the right place.

Let's go 2022!

RLTW!
Russ
