Community Growth

Last weekend a few of us got together and mapped out our strategy for 2025 with milestone goals for 2022 and 2023. These are exciting times my friends. I'm going to mention a few things in this edition of the Dispatch that are key to the future of VetCoin. As I mentioned in the previous edition of the VetCoin Dispatch, 2022 is the year of the community. We need your help with expanding VetCoin. Get the word out! Tell your family, friends, and neighbors about who we are and what we're doing! It's going to take everyone to generate real change. Get involved. This is how we **CONNECT**!

Video Tutorials

This year we are focusing on several projects to help the veteran community with entry into the crypto-space. One of the ways we are doing this is to post short tutorial videos on our YouTube channel. If you are new to cryptocurrency, or if one of your questions when you heard about VetCoin was "What's a Metamask?" or "What's Polygon?" then trust me, these videos are for you. This is how we **ENABLE**.

Veteran Owned Businesses Portal

I mentioned the Veteran Owned Business (VOB) Portal last week and will continue to discuss it. The VOB represents a big part of why we created VetCoin: to Connect-Enable-Transform the veteran community. Our goal is to list every veteran owned business in the portal to help bring veteran consumers together with veteran business owners. This is how YOU can **ENABLE**.

Reminder: our Business Incubator Program remains open. Submit your application now because it could get you $5000 and 100m VTC toward improving your small business efforts!

Nonprofit Outreach

Within the VOB portal is a section for veteran services and a section for nonprofits. When we talk about Connect-Enable-Transform, helping veterans is the cornerstone of what VetCoin is about. VetCoin is passionate about connecting veterans in need with services that can help. Improving lives one connection at a time. This is how we **TRANSFORMM**

Russ' Note

Get your business, service, or nonprofit listed with VetCoin! It's super easy to complete the sign up form. I mean, really, there's no reason not to. It literally takes about 10 seconds to send your info to us.
