

VetCoin HQ Dispatch
Vol. 21 2022-02-14

Synapse Summit

Last week I mentioned VetCoin will be at the **Synapse Summit** on the 17th here in Tampa, FL. This is going to be a great event for **VetCoin HQ** because it's our first push to bring **VTC** to the public, and we are very excited about it. I'm looking forward to connecting with other veteran innovators and learning more about what the community is doing to support technology, innovation, and (of course) blockchain technology. If you attend the summit this week, yours truly and other Co-Founders will have a booth in the Crypto section. It's going to be great!

Improvements to the VOB Portal

Second only to the great events and organizations VetCoin is getting involved with, the VetCoin **Veteran Owned Business Portal** is one of my favorite things to talk, and write, about. We've adjusted the portal to make it easier for signing up and to separate businesses from services from nonprofits. Please, tell every veteran entrepreneur you know about this FREE resource!

Upcoming Events!

We're not stopping with the Synapse Summit this week. VetCoin is lining itself up with some other great events to build the VetCoin community and help veterans. All of these events are free or offer a significantly discounted rate for veterans!

FEB 17th **Synapse Summit**
APR 14th **Veteran Benefit Social**
MAY 12th **Leave No Veteran Behind** **Hosted by the VetCoin Foundation**

Russ' Note

Yes, today is Valentine's Day. It's also part of the week-long **National Salute to Veteran Patients** tribute. The VA system treats just under 100,000 patients a day, roughly nine million U.S. veterans who get care every year. Your local VA is a great place to provide volunteer service. Check them out.

RLTW!
Russ
