Russ' Note

I'm changing the format this week to highlight something important to the Founders of VetCoin. Tomorrow begins Women's History Month. Women have been serving in the armed forces since the Civil War and, according to the U.S. Census Bureau, about one out of every 12 women in America is a veteran. Additionally, about one in 11 service members who served in Afghanistan or Iraq were women. And that's pretty awesome. However, something that is not awesome is that women veterans are challenged disproportionally in comparison to their male counterparts with health and financial problems. We can do better. Consider taking a moment to see how you can help.

VetCoin is a 501(c)(3)

It's official! The VetCoin Foundation received approval from the IRS. This is a big step for VetCoin and our goal to Connect-Enable-Transform the veteran community. We are tremendously pleased to be one big step closer to achieving our dream of leveraging cryptocurrency to enable veteran nonprofits.

Meet the Founders – Episode 1

On Saturday morning we recorded the first video in a series titled **Meet the Founders**. The VetCoin Foundation Vice President, Alex Morales, and I talked about military service, cryptocurrency, giving to veteran nonprofits, and engaging with the public. Stay tuned to our YouTube channel for this and all of our other videos.
